

PRESS RELEASE...

CENTERVILLE, OH (June 20, 2011) – Centerville United Soccer Association (CUSA), one of the largest youth soccer organizations in Ohio South Youth Soccer, is proud to announce the partnership with Ortho Advantage (Fitness – Injury Reduction – Sports – Training (FIRST)) as:

***"The Official Physical Therapy and Sports Performance Company of CUSA Soccer"***

"We are very excited to start what we feel will be a great long term relationship with Ortho Advantage as a part of the CUSA Soccer family," said Brett Thompson, Executive Director of CUSA. "Through this partnership, Ortho Advantage will provide our members with great resources and help get our players and their family members back on the field, court or golf course. Not only will this partnership benefit all of our players but also the parents and siblings who live in the same households as players registered with CUSA Soccer.

This partnership provides ALL CUSA Members (Parents, Siblings and Players) with preferred access to 8 orthopedic physicians and the Ortho Advantage Physical Therapy and Sports Rehab Team. What this means is if any CUSA athlete sustains an injury that requires orthopedic evaluation, they can contact Ortho Advantage at **937-431-0300 MAKE SURE YOU SAY YOU ARE FROM CUSA** and they will assure that the athlete (Or any family member) will be seen by one of these physicians within 2 business days. In addition, parents and family members will be given priority status with both the physician group and the Ortho Advantage physical therapy team.

Along with Medical and Rehabilitation services Ortho Advantage will also provide athletic performance programs to help the athlete in your family get that edge they need in today's competitive sports environment.

Ortho Advantage will be providing articles for CUSASOCCER.ORG, our club wide newsletter and be providing services for our prestigious CUSA MEAD CUP held every Labor Day as well as the CUSA Recreational Tournament held in October every year.

In the future in conjunction with CUSA staff and Ortho advantage will provide additional information on the services and locations, assist in injury prevention videos and helpful tips for parents and players. You can learn more about Ortho Advantage at [www.orthoadvantage.com](http://www.orthoadvantage.com).
